MYCARE OHIO MEMBERSHIP

MyCare Ohio plans contract with both Medicare and Ohio Medicaid to provide benefits of both programs to its members. To improve the way your Medicare and Ohio Medicaid benefits work together, you must enroll in a MyCare Ohio plan. Choosing to be a member in a particular MyCare Ohio plan is voluntary. Once enrolled, the plan will provide your Medicare and Medicaid benefits and coordinate your physical, behavioral, and long-term care services. The MyCare Ohio plan is for people with disabilities, older

adults and individuals who need behavioral health services. You may choose not to get your Medicare benefits from your MyCare Ohio plan. You will not lose your Medicaid, Medicare, or other public assistance benefits if you join a MyCare Ohio plan.

CareSource® MyCare Ohio (HMO D-SNP) is a MyCare Ohio plan that you may choose to join. You can learn more about your MyCare Ohio plans options from the Ohio Medicaid Hotline.

If you must join a MyCare Ohio plan to receive your health care and long-term care services, ODM will send you a letter. **It is important that you read the letter and choose a health plan by the date given in the letter. If you do not choose a health plan by the date given, ODM will choose a health plan to provide your Medicaid benefits.**

If you receive only Medicaid benefits through your MyCare Ohio plan, you may make a change to another MyCare Ohio plan within the first three months of your membership or during the annual open enrollment month. ODM will mail you information to let you know when your open enrollment month will be. Not everyone who has both Medicaid and Medicare can enroll in a MyCare Ohio plan.

You are not eligible to enroll in a MyCare Ohio managed care plan if you:

- Do not have full Medicaid benefits and Medicare Parts A, B and D;
- Are younger than age 21.
- Are enrolled in the Program for All-Inclusive Care for the Elderly (PACE).
- Have any private creditable medical insurance, including retiree benefits, other than a Medicare Advantage plan; or
- Have intellectual or other developmental disabilities and receive services through a waiver or Intermediate Care Facility for Individuals with Intellectual Disabilities (ICF-IID)
- You are an individual who receives home and community-based waiver services through the Ohio Department of Developmental Disabilities.

With all MyCare Ohio plans, you get:

All medically necessary Medicare and Medicaid-covered services that you've always received.

A CareSource MyCare Ohio ID card that replaces your monthly Medicare and Medicaid cards.

A single point of contact for all of your Medicare and Medicaid services.

As a CareSource MyCare Ohio member, you must use network providers, facilities and pharmacies to get covered services. The only time you can use an out-of-network provider is for:

- Emergency services
- Services at federally qualified health centers or rural health clinics
- Any other services or provider types designated by ODM (Ohio Department of Medicaid)
- During or after your transition of care period that CareSource MyCare Ohio has approved you to see
- Urgently needed care
- Medicare hospice services
- An out-of-network provider CareSource MyCare Ohio approves you to see

For a specified time after your enrollment in a MyCare Ohio plan, you are allowed to get services from certain out-of-network providers that were prior approved by Ohio Medicaid. This is called your transition of care period. The transition period starts the first day you are effective with any MyCare Ohio plan. If you change your MyCare Ohio plan, your transition period does not start over. Once you join a MyCare Ohio plan, you will get more information.
